Forecast For East of England
Issued by Met Office Exeter
at 0400 on Saturday 15 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain gradually spreading northeast then brighter spells and heavy showers.

Today:
Cloudy morning, with rain spreading northeast. This afternoon remaining cloudy with patchy light rain across Norfolk and Suffolk. Elsewhere the rain will be replaced by brighter spells and scattered showers, these sometimes heavy with a chance of hail and thunder. Maximum temperature 14 deg C (57 deg F).

Tonight:
Starting with cloudy conditions and patchy light rain or drizzle across Norfolk and Suffolk, elsewhere scattered showers, some heavy. Overnight becoming dry with clear spells and perhaps patchy fog forming. Minimum temperature 6 deg C (43 deg F).

Sunday:
Any early fog soon clears. Then bright or sunny spells and scattered showers for all areas, the showers sometimes heavy and perhaps with hail and thunder. Temperatures near to normal. Maximum temperature 16 deg C (61 deg F).

Outlook for Monday to Wednesday:
Monday heavy showers, sometimes thundery. Tuesday and Wednesday further showers, although probably not as heavy or as many. Bright or sunny spells each day, but still temperatures slightly below normal.
